Singing Planned At Newbia Baptist Church

There will be a singing Saturday night, December 7th, at Newbia Baptist Church. There will be local groups and quartets singing. Everyone is invited to attend this singing. Starting time is 7 p.m.

1968 STATE CHAMPS... Shown is the first-aid team that represented the Enterprise Rescue Squad and won 1st place at the statewide first-aid contest held in Sylacauga. From left to right are Jimmy Collier, John Burch, Bob Manning, and George Perez, team captain.

Enterprise Rescue Squad Wins

The Enterprise Rescue Squad won the first place trophy in the statewide first-aid contest held Saturday in Sylacauga. The first-aid contest was the highlight of the 7th annual convention of the Alabama Association of Rescue Squads.

The Association is composed of forty-five squads with a total membership of over 2,000 from throughout the state. All member squads are eligible to enter four men first-aid teams in the contest to compete for the state championship.

This year the competing teams worked on problems consisting of simulated multiple emergencies on posed victims. The work was timed and scored by several judges, all experts on first-aid, who checked to see whether proper and complete life saving procedures were being performed.

Each team had to complete three problems using the six victims. The results were secretly tabulated and

TELEPHONE RATES TO INCREASE NOW

The Circuit Court of Montgomery County, Alabama, Monday, November 25, 1968 issued a decree which permits General Telephone Company of Alabama to place in effect, under \$4.7 million bond, rate increases proposed in the Company's request to the Public Service Commission last March.

Following hearings in April, the Commission denied the Company's request, and the Company subsequently appealed to the Circuit Court.

The Company's General Manager for Alabama, Arnold Swallows, stated that "Since the Company was already operating at a loss, putting the new rates in effect under bond pending a final decision in the appeal gives the Company protection against continuing losses that it could never recover."

Under the court order, General is required to pay back to its customers, with interest, any amount collected from customers in excess of rates ultimately determined.

In its appeal, the Company stated that the Commission ignored all evidence, and failed to allow the Company to realize a satisfactory rate of return as prescribed by State and Federal Law.

On Monday, November 24, the Circuit Court of Montgomery County issued its decree on the Company's application for a supersedeas order.

This permits the Company to place in effect, under bond the proposed schedule of rates set forth in the application filed with the Commission on March 6.

The new rates will be made effective with the next billing and a schedule of new rates will be included.

The Elba Jaycees plan to construct a park area for children near the Elba Elementary School and present Little League Park. The area is now low and boggy but will be built up, grass sodded and playground equipment installed, according to a report given to the Elba City Council Monday night.

Presenting the well planned program to the Council were Jerry Brown, Dr. Carl McLinn and Bobby King.

The City Council voted to assist in this worthwhile project and appointed Councilman Mace Cook to work with the Jaycees.

In other business the council voted to close undeveloped Thomas Street

This year, as in the past, the Peoples Bank of Elba and The Elba Exchange Bank are joining other Full Service banks of the nation in sponsoring the Christmas event, "Here Comes the Grinch."

Sunday, December 22 from 7 to 9:30 p.m. over the CBS-TV network.

According to a press release it's going to be a green, green "Grinchmas" again this year for the Full Service banks of the United States. Once again, according to reports, that delightful old R. Scuss character will be poking his whimsical head out from millions of television sets throughout the country.

For the third successive year, the annual holiday television classic "Dr. Seuss' How the Grinch Stole Christmas" will be presented by the Elba banks and other members of the Foundation of Full Service Banks.

Also attending from Enterprise was John Gaylor who photographed all the events for use in preparing training for the Squad.

George Perez of the Enterprise Rescue Squad was elected 2nd Vice-president of the Alabama Association of Rescue Squads during the 7th annual convention held Saturday, November 16 at Sylacauga.

I LOVE Christmas time but it always slips up on me and before the big day arrives I am about ready to give Santa Claus a big kick in the seat of the pants. I begin accusing him of all my problems of getting gifts together when there just isn't enough time to get it done.

Actually I thoroughly enjoy the buying of gifts and the giving of gifts but I am always in trouble for previous time. It looks so easy for everyone else and I begin wondering if I'm not sorta lazy or a bad manager when it comes to this Santa Claus business.

I'll probably get that last package wrapped Christmas

and some of those I need to mail may get in the mail after Christmas instead of before. I don't know what you would call such actions but I hope those I finally get them off to will not think that I am only thinking about them as an after-thought. I am thinking about them all the time and worrying because I don't get the gifts in the mail on time. But even if late I'll get it done. Perhaps my gifts can be called Christmas gifts for '69.

If you don't believe that getting out a newspaper (even a small weekly) is work you just don't know what's going on. Every time we have had new help in we have heard the same comment, "I didn't realize there was so much work to printing a newspaper."

If you don't believe it's work you just try keeping up with this bunch just one day - say Monday, Tuesday or Wednesday. Every minute is filled up to the packed stage. One is out with a camera - sometimes two at the time. Then it is developing, making prints, writing the story, many times making a half-dozen telephone calls before getting the needed information. Every time

we swear we'll never do that again - they can just "not get their picture" in the paper, we'll say. But the next time it is the same thing again. We never give up but we're always going to . . . and one of these days we might do just that. We do not know what it is to work an 8-hour day. It comes nearer being 16 to 18-hour days.

But we do like our work as much as it gets sometimes. If we just hadn't gotten that little bit of "ink in our blood" we could get out of the business and be happy about it. As it is when we even entertain the idea of retiring things begin to look more exciting.

The only time I'm real concerned about retiring is when it comes time to getting out of bed every morning. I think sleeping late in the morning must really be the most luxurious of all pleasures.

THE CHILDREN'S DOG, "Dum-Dum" died Tuesday night - apparently from a dose of poison fed him by some character who should be hung up by the heels on the square. Anyone who would feed poison to any animal is cruel and mean. They are also a coward and would likely shoot you in the back if they got a chance.

I GUESS THE MAN getting the most statewide publicity of anyone in Florida is Billy Goodwin. He made the front page of Section D of Sunday, November 24, Montgomery Advertiser - again. But he deserves all the many nice things said about him and he remembers more about Florida, remembers more people that have been a part of Florida than any other person. I would like to quote the article by Buster MacGuire and I am saying it until after the holidays. And to tell about a marked copy that was sent to me from Enterprise and the comment that came with it and the reason for the comments. You'll enjoy it.

"Conscience is that inner voice that warns you that the man in the unmarked car trailing you is a State Trooper."

STUDENT COUNCIL MEETS AT ELBA

The 34 new members of the Elba High School Student Council have begun the year with several projects. They have fixed the high school parking lot in order to prevent future accidents and installed a telephone for the students, free of charge. At the present time they are selling candy. They have 2 kinds - chocolate and coconut - each \$1.00 a can. They will appreciate any cooperation with this project. The profits will go to the Student Council.

Zion Chapel Junior 4-H Club News

We had a meeting November 14, 1968. We elected a new reporter. He was Randall Black. Our program was on safe hunting and legal hunting. We had a film on how to hide from game and how to call game.

Our local game warden talked to us about legal hunting.

PRECISION in a Pipe Organ

You know what precision it requires to build a bridge, or an engine, or a watch. The same exactness goes into the construction of a pipe organ.

But the men who make pipe organs, like all others who build, have a feeling for the USE of their product.

An organ will lead hundreds in their worship of God. It will support a talented choir in the rendition of a sacred cantata. Or it will blend with a host of untrained voices to raise a stirring hymn to God. It will sing softly while Christians commune, or thunder majestically a great recessional.

And yet this valuable organ whose creation requires such skill and precision is secondary in the life of the Church. It is simply an instrument, like this weekly advertisement, to help the Church fulfill its Mission. That Mission is to lead you, and your family, and your world, to the Lord.

When the organ calls men to worship — be there!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

PARM-CITY WEEK
Representative Phil Smith of Talladega County spoke to about 100 folks Monday night at the New Brockton High School luncheon. Representative Smith was introduced by Philip Martin, Farm Bureau president, in his talk to this group of directors and friends, Smith pointed out the importance of rural and urban people keeping their communications open. He said that in many areas of the county a wall has arisen between the people in the rural areas and those in the city.

I certainly don't think that we have that problem here in Coffee County and meetings such as the one sponsored each year by our county Farm Bureau is certainly helping to keep a good relationship.

ORCHARDS

December and January are the months to plant peach, plum, pear and other trees in Coffee County. Early tree orders will assure the best selection of sizes and varieties. Early planting allows rains to settle soil around the roots and possibly some new growth before new tree growth starts in the spring. Recommended peach varieties are Ranger Key-

HOG ICE
I was talking with Dr. Wallace Miller the latter part of the week about insects that are affecting Coffee County hogs at the present. Dr. Miller pointed out that erysipelas

is causing some losses in Coffee County. Fortunately, where there are possible outbreaks of this disease, hogs can be vaccinated and this is effective. Dr. Miller pointed out that in his visits to farmers in the past two weeks, he has found high infestations of lice, lice according to Dr. Miller, will lower hogs' resistance to colds and flu and all types of diseases. Excellent control can be had by spraying with Korlan and Lindane or with Methoxychlor.

EXPANDED 4-H CLUB ACTIVITIES
Among the first undertakings of the 4-H directors has resulted in Mrs. Max Patterson organizing a 4-H Club for teenage girls in the Kinston area; Mrs. Dorothy Olsen of Enterprise is organizing a special interest 4-H Club of boys and girls with homes; Mrs. Myrna Rhodes of Elba is organizing a 4-H Club of teenage boys and girls in Elba. These leaders received their intensive training at the special 4-H Leaders Forum at Rock Eagle, Georgia.

INSECT CONTROL
Insect control is especially important in growing prize-winning camellias in Coffee County. The tea scale is the most destructive scale insect that attacks the camellia. Infestations occur mainly on the underside of the leaves. Conspicuous yellow blotches on the upper leaf surface indicate heavy infestation and the underside of the leaves contain white, fluffy, cottony masses. This scale is abundant during the spring and fall months; however, infestations may occur throughout the year. A spray program to control camellia insects can be started in the fall. A white-oil emulsion (such as Florida Volck) should be thoroughly applied to the foliage. Use at the rate of three tablespoons per gallon of water and follow the directions on the container label. In early spring use another application and, just prior to the spring flush of growth begin using plant systemic insecticides. Ask us for a copy of "Camellia Insect Control."

HOG ICE
I was talking with Dr. Wallace Miller the latter part of the week about insects that are affecting Coffee County hogs at the present. Dr. Miller pointed out that erysipelas

DECEMBER 1968

MERRY CHRISTMAS & A HAPPY NEW YEAR!
We look forward each year to wishing our many friends these magical words which truly express our hopes for your future happiness. Another year is drawing to a close. It has been a good year because of your friendship and good-will.

PHARMACY IS NOT AN EASY PROFESSION.
There are many easier and more profitable ways to earn a living than being a pharmacist. We often are working during the evening hours and holidays, when the majority of people are out having a good time. For someone has no office hours. We must be available.

PRACTICING PHARMACY HAS ITS BENEFITS.
Because of our college training and our passing a state examination to prove our knowledge, we are licensed to compound and dispense the medicines which can relieve, prevent or even cure sickness. We have the opportunity to see our prescriptions not only benefit, but actually save the lives of some of our customer friends.

WE ARE GRATEFUL TO BE YOUR PHARMACY.
Almost everything we supply aids your better health or adds to your comfort. We appreciate the opportunities you give us to serve you and your family. We will do everything we possibly can to work with your physician and nurse to help you live a longer and healthier life.

Cotton Referendum Will Close

The period December 2 through December 6 has been set for the marketing quota referendums for the 1969 crop of upland cotton. The referendum will be held by mail, as it has been for the past 2 years. Notices of farm acreage allotment will be mailed to operators of cotton farms prior to the referendum.

If quotas are approved by at least two-thirds of the upland growers voting, the program under which payments are made to operators will be in effect. While all program

domestic allotment. Upland cotton projected yields -- used to determine cotton program payments -- vary by individual farms, based on county and state average yields. State yields are based on 1967 harvested yields, adjusted for abnormal weather conditions, for trends, and for changes in production practices.

REV. LOUIS R. COBBES (left), new secretary for personnel for the Southern Baptist Foreign Mission Board, greets Rev. and Mrs. C. Don Bilbary, of Memphis, Tenn., as they arrive in Richmond, Va., for employment as missionary associates for English-speaking pastoral work in Middle America and the Caribbean.

Former Local Minister Becomes Missionary

Pastor and Mrs. C. Don Bilbary, of Memphis, Tenn., were employed by the Southern Baptist Foreign Mission Board on December 5 as missionary associates for Middle America and the Caribbean, where he expects to pastor English language churches.

Mr. Bilbary, born in Ebers, Tex., grew up in Jacksonboro and Fort Worth, Mrs. Bilbary, the former Carolyn Boyce, is a native of Memphis.

Pastor of Fairview Baptist Church, Selma, Ala., from the late 1961 until November, this year, Mr. Bilbary told the Foreign Mission Board that he believes "God has had a plan and purpose" in his life. Formerly pastor of the

First Baptist Church, Kingston, Ala., he became interested in missions as a college student, committing his life to foreign mission service if he "felt God leading in that direction."

He received the bachelor of arts degree from Baylor University, Waco, Tex., and the bachelor of divinity degree from Southern Baptist Theological Seminary, Fort Worth. In addition he received a certificate as a registered medical technologist after studying in the school of medical technology at Parkland Memorial Hospital, Dallas.

The Bilbarys have a daughter, Carolyn, 12, and a son, Don Jr., nine.

Commemencement exercises will not be held and the graduates will not receive their diplomas until the June Commencement.

However, graduates may seek employment or enter graduate schools upon the basis of having completed their degrees at Troy State University. Area students include the following:

Ralph Leonard Bradley, Kingston; William Harry Bruce, Enterprise; Sandra Eason Burkett, Enterprise; John Alfred Jennings, Enterprise; Mary Jane Dalas Brockton; William Watkins Stanley, Jr., Enterprise; John Lamar Stewart, Jack.
